At the heart
of home.

THE HOME COLLECTION

A home holds more than things.

It holds the mangoes saved for later. The kheer made for someone special. The everyday meals that bring everyone back to the table.

National celebrates the small rituals that make a house feel like home — with refrigerators and deep freezers for the way you live, share and gather.

Since

1992

From Okara, with a place in the home.

National's story is rooted in ICE AGE Industries, established in 1992 and headquartered in Okara, Pakistan. The company began with six deep-freezer models and expanded into refrigerators in 2006.

1992

The beginning

ICE AGE Industries is established.

2006

A new chapter

The company enters refrigerator production.

Today

A wider home collection

Refrigerators, deep freezers and household appliances.

A beautiful part of every day.

CURVED GLASS. A DISTINCTIVE PRESENCE.

Style that belongs.

FEATURE	DF-805TR3	DF-805 TR3 INV
Version	Standard	Inverter
Listed capacity	481 L / 17 cu. ft.	481 L / 17 cu. ft.
Uplift doors	3	3
Door lighting	Yes	Yes
Quick freezing	Yes	Yes

Triple-door format shown. Confirm the exact variant with your retailer.

Start with your home. Then choose your model.

O1

Think about your routine.

Consider your weekly groceries, family size and how often you store meals ahead.

O2

Measure the complete space.

Check the appliance space, delivery route, door or lid opening, and installation clearances.

O3

Look inside before you decide.

Compare shelf arrangements, drawers and compartments with the items you store most often.

O4

Confirm the details with your retailer.

Check the exact model code, dimensions, electrical requirements, available finish and warranty terms.
